DANIEL & SARAH JENKINS

MISSIONARIES TO THE GAMBIA

God's Command. Our Mission.

Dear Faithful Ministry Partners,

Merry Christmas!

This time of year is always an anticipated time of year. 2020 has brought us all many unique challenges, but we are even more excited this year to celebrate our Savior's birth during this Christmas season. For many people today, Christmas is an ordinary holiday, but the significance of Christ's birth was far from ordinary. Christmas is much more than presents, parties, and cookies; it is a time of reflecting on the Savior that was born to die for our sins. We want to wish you, your family, and your church a wonderful Christmas season as you reflect on the Savior's birth.

An Update From The Field

During this past month we had the wonderful privilege of presenting a film in the Wolof language called "Buuru Ndam" ("King of Glory") to three different rural villages. These evangelistic outreaches were well received with more than 150 people who came out to watch from each of the three villages, totaling more than 500 people who heard the Gospel, many for the first time. We are looking forward to going back in a few weeks to show another Wolof Gospel film to those villages as well as possibly one or two more villages. While our primary focus in ministry has been in the city planting the Yaakaar Ju Sax (Living Hope) Christian Ministry Center, we are thankful for the relationships and open doors we have had for rural village ministry as well. Please pray for these precious souls that have heard the Gospel in their own language that they will accept Jesus as their Savior.

Last, we want to once again thank you for your faithful prayer and support of our family and ministry. You all have been so kind and gracious to us in a year of uncertainty and change. May God bless each of you for your generous and faithful support of us. We are blessed to partner with you and look forward to what God is going to do here and around the world for God's glory through your faithful commitment to the Gospel. Thank you again for praying for us.
