Nov. 2018

Dear Praying Partners,

We are very thankful for your petitions to the throne of grace for us. It seems the devil has pulled out the stops everywhere in his attacks on God's people.

Mary has entered a new stage downward by losing coordination of her legs. That has made it a lot more difficult to move her around. Two of the ladies who had been helping me have had serious health problems recently and a new helper's son was seriously injured this week and is in critical condition. Pray for them. We also have a new mission field in that some of the ladies who have come to help out want nothing to do with Jesus.

Meantime in PNG several pastors or their family members have passed away in a short space of time. Pray for pastor Epen Poko's wife Ruth who has had serious cancer surgery recently.

Ask the Lord to provide a way for me to make another trip back to PNG soon. The Bible school will be graduating ten students Dec. 3rd. The PNG consulate will be closed the whole month of November due to an Asia Pacific Economic Co – operation meeting to be hosted in Port Moresby in Nov.

Shalom,

Jungle Jim
