Dear Friends,

I apologize for not corresponding more regularly. The last couple of years have been difficult and yet rewarding. My health has been up and down. It's up now, praise the Lord. The heart bypass surgery was not fully successful and the process of recovery has taken much longer than anticipated. Finally, my medications are regulated properly. After four tries at cardio rehab, my cardiologist gave up and said, do it on your own.

For the last several months my computer has acting up. A little over a month ago, it froze up completely. My son finally got it fixed yesterday. Now I have a lot to catch up on.

The church is in transition. We are still looking for another building, but decided to try some remodeling in the meantime. To save money, we are trying to do it stage by stage and use as many volunteer laborers from our church as possible.

We have a Chinese preacher coming one Sunday a month to preach. But, I have to do the translation. Translation is more difficult than preparing and preaching your own sermon. We are praying and looking for God to give us a full time Chinese preacher. But finding a Baptist, much less a Fundamental Baptist has proven difficult.

Our choir director had a minor stroke. So far, no one feels capable of filling in. It's summer and the choir usually cuts back a bit, so please pray that, by Fall, things will work out.

We praise the Lord that He continues to bless with souls. In the last few weeks three have been saved and yesterday six adults were baptized. Youth camps and our annual Back to School Carnival are all being worked on. Thank God for faithful volunteers.

We are sure you have a busy Summer planned. We pray God's blessing on you and your church. Your faithfulness to us is greatly appreciated. Thank You!

In Christ,

Fred and Joyce Davis
