Dear Pastors and Praying Churches,

To all our Partners and benefactors, a hopeful and more prosperous 2019!

2018 is a great year. Indeed it is a year of great leap forwards both in the spiritual and physical growth of the Church. For others it is a rough journey but surely for as long as it is for His glory, for me it is a year of miraculous achievements.

Good News classes

November is great. We started our first week with an annual children's party. Every extension class was given a part in the program. It is the culminating event of our annual Good News classes in the surrounding villages. We consider Children's ministries as an inseparable part being children are close to Gods heart.

Annual thanksgiving

Fellowship is one of the most significant parts of our Church life. Usually it happens every 3rd week of December. The program was attended by all of our outreaches. The whole festivities include feasting of both physical and spiritual food, testimonies, sports, distribution of used clothing and etc. It includes the evaluation and summation of what we have done and a reflection on our new year's proposition and asking Gods direction for the coming New year. It was concluded by dedications of four children and baptisms of two others.
