Your Missionaries on Capitol Hill

As the summer draws to a close we are beginning to gear up for the next Capitol Connection (March 23-25, 2015). I pray that you will be able to attend. Our LORD continues to open doors for us on the Hill, even to the point that some Congressmen are asking us for advice, (1Corinthians. 16:9). I have also been asked to open in prayer at a major event on Capitol Hill which translates into having more influence from we Independent Baptists with those who will be the decision makers in the laws that will govern our lives and direct our nation. Pray with me that our LORD will continue to direct in all that we say and do for "such a time as this".

A quote from history

"If we lose recognition of God's hand in our culture and nation, if we lose the idea we have a dependence upon Him, there is no way our nation will last" George Washington

THE BUS MINISTRY IS WORTH IT!

Congressman Bill Johnson of Ohio has a tremendous testimony of being picked up when he was a boy by a little blue bus and taken to Church where he accepted the Lord Jesus Christ as his personal Savior! Representative Johnson is an exemplary Christian and a great American!

"...he is the best friend to American liberty, who is most sincere and active in promoting true and undefiled religion, and who sets himself with the greatest firmness to bear down profanity and immorality of every kind. Whoever is an avowed enemy of God, I scruple not to call him an enemy of his country." Dr. John Witherspoon, Signer of Declaration of Independence, Educator, and Pastor

How many more July 4ths will we be able to celebrate Independence from tyranny?

Recently I was flying back home from a meeting in Pennsylvania and had the privilege of talking with U.S. Representative Keith Rothfus. He said something that I have heard several times before...there is still hope for our Nation because God still sits on the throne. We must continue to obtain His mercy and divine intervention from our prayerful intercessions.

We see our God given liberties being infringed upon more and more each day. Many believe we can do nothing about this but they are mistaken. **Pray for us as we put feet to your prayers and walk the halls of Capitol Hill every week providing prayer and spiritual counsel.** By God's grace, for His glory and the good of our country may we continue to rally around our standard of prayers for our country and it's leadership.

Thank you for your friendship and continued support for this mission to America! We love you all and continue to pray for you and your ministry daily!

ON THE ROAD WITH AWAKE AMERICA

Since our last letter our Lord has led us to **Arkansas, Alaska, Florida, Wisconsin, Nevada, North Carolina, Indiana, Ohio, and Pennsylvania.**

Our LORD has blessed us with some tremendous meetings! In Wisconsin over 85 members of the military honor guards came to a morning service at Pastor Dean Noonan's Church and 12 accepted the Savior!

While speaking at an Awake America Conference in Arkansas I met U.S. Representative Tom Cotton and his wife. He is running for a U.S. Senate seat, and is a real patriot!

We had a great meeting in North Carolina at the Beacon Baptist Church. What a great spirit and response from the people. Pastor Tim Rabon is such a gracious Pastor and good friend!

In Anchorage Alaska, Pastor Stan Roach hosted a "God Save America Rally". Pastors attended from all over the state, one even drove for over 7 hours to attend! A Church member was mauled by a bear and still attended the services!
