

David & Angie Harper

Church Planters in
Belize

Dear Partners in Ministry,

Nov. - Dec. 2018

This letter will serve as a report for November and December 2018, and also outline our plans for January 2019.

November –we filled out the preliminary forms to register the English church. The Government of Belize allows freedom of worship, but according to the laws of Belize, in order to become a self-governing, self- sustained Church, our Bayside Baptist Church must register. This will allow Bayside to call a Pastor and to pay him a salary, and to perform legally recognized weddings.

A lady from our Patchakan church asked me to pray with her brother who was near death in another village. I had the privilege to lead him to Christ. He asked me to return the following week for a Bible study. When I arrived, there were 26 people gathered in the yard, seated and ready “for you to preach to them”. I have been preaching to them for eight weeks now. **In December, we Baptized two who recently were saved.** This Bible study group might soon choose to become a church.

We have plans in **January** for another Baptismal service for those most recently saved. I am preaching in four services, in three different towns, every Sunday. We also have two Bible studies in the Government Schools on weekdays, plus Wednesday night services. Please pray that Angie and I will remain physically strong enough to continue this pace at least until the two current church plants are totally on their own.

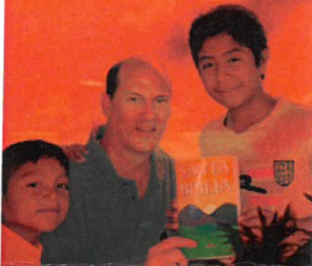

Thank you for your prayers and support,

David and Angelia Harper
