April - June 2016

Dear Brethren,

The past couple of months were once again non-stop for our little family. Words cannot express how much your prayers mean to our ministry and to our family. Thank you for remembering us in your prayers.

Bible Ministry

Praise the Lord, Brazil is finally reaching a bit of political and economic stability, after months of constant turmoil. This is allowing us to resume our Bible publication. We just finished two Bible printings, and we are preparing new printings in South Korea, Hong Kong, and Brazil during the month of June, by God's grace. Over 100,000 Bible will be in our warehouse in the fall semester, God willing, besides New Testaments and Gospel tracts.

It is in the darkest hour that even the faintest light shines brightest. These difficult times helped us define our role in worldwide missions, which is to service local churches by supplying faithful editions of the Holy Scriptures to: (1) local churches, (2) members of churches, and (3) to unsaved people, being instrumental in bringing them to Christ. Most importantly, we defined our mission: A faithful copy of the Word of God for every person! Thank you for upholding us in your prayers.

New Life Baptist and Guacuri

By God's grace, New Life Baptist continues to grow strong and healthy. In the past couple of months, we saw several come to trust the Lord as their personal Savior and follow Him in Baptist. The Church has grown to the point that we feel the need to call for a national pastor. Please pray for the Church in this growing process.

The project of the new Church in Guacuri continues to move forward. Several steps are necessary in the start of this Church, and we are seeking not skip any step. This is a longer route, but it is the surest. We will need your financial help, soon. Please continue to pray as we seek a temporary location for worship and seek to secure the building permits.
