A YEAR OF DIFFICULTY FOR OUR CHILDREN

Abandonment is still a common practice in Romania. Little Florin was recently abandon by his mother. He never knew his father. At three years old, words are not sufficient to comfort his broken heart and confused mind. We brought him to the Village Of Hope to place him with one of our loving parents. How could we say no to such a precious little child? For twenty four years, we have been helping children like Florin. God has graciously supplied our every need. Like most ministries our budget has no surplus. We happily are dependent upon God to touch hearts for this necessary ministry. This has been our continual prayer. At times, we are overwhelmed with our two thousand dollar a week budget. This budget is totally to care for the children. It does not include our personal budget. By faith, we came

this far and by faith we will continue on! Our personal satisfaction is to provide a loving environment for these suffering children and to introduce them to the love of God through the Lord Jesus Christ.

Andrea and her two bothers, Razvan and Andrei, were brought to the Village of Hope nearly two years ago. Their mother just died with cancer. We are the only family they now have. The children are having a difficult time understanding this devastating news, especially Andrea. Even though they were separated from their mother, they had hope one day to be reunited with their mother. We love them and give them assurances that we will be there for them. The finality of death is exasperating for anyone, but more so for little children.

The Battle Is Over! For nearly a year now, we have been investigated by every local authority in Bihor district Romania concerning Aurora. We properly brought her to the States on a student visa but as we stated when the investigation begun, she became a pawn in a political fight. Through your prayers and God's intervention, finally the prosecutors ended their investigation, of course with no wrong doing on our part. Several thousand dollars later spent on our defense, she can return to the States.

Urgent Need: Winter is upon us. We need to buy firewood to heat our homes. Five hundred dollars buys one truck load. We need ten! Please pray for God's provision.
