**THE MAUSISA FAMILY**

January—March 2016

Dear Church Family and Friends,

“Most of us are married to a model of ministry and we flirt with the Great Commission.” E.M. Bounds

Four years had passed, we never had an another church outing. We decided on our first church anniversary on January to have an outing as part of our celebration. We visited an ancient kingdom about 2.5 hours away from our church. Most of our members joined and many of them visited for the first time. We rented a bus, we brought food and roamed around a 75 acres land. This place is one of the tourist destinations in Sri Lanka. This ancient kingdom is more than a thousand years old but sad to say it's full of idolatry that even until now the people are ignorantly worship and for a foreigner they required us to pay 1,200 pesos entrance fee each, but for locals free of charge!

After a year when we start our missions work, I already teach my people about supporting world missions. We started supporting one for local and one for foreign. After our anniversary we had our missions Sunday and the next Sunday was our commitment Sunday. By the grace of God, our small congregation is now supporting one local and six foreign missions with an average of 500 pesos a month. My desire is that their faith will grow and God will call someone from our church into the full-time ministry.

One of the blessings in our ministry is the life of Dr. Silvan and his family. They received baptism on September 2015. Dr. Silvan is doing well with his source of light lesson and Bible Institute. He translated “I have decided to follow Jesus” into Tamil and now we are singing that in our church. He has a great desire also to translate the source of light lesson into Tamil. Our deacon, Dr. Achchuthan has a burden also to translate our Bible Institute notes into Tamil. These two medical doctors are now teaching Sunday School and Dr. Achchuthan is doing the preaching in case of my absence.

Please continue to help us pray for the following:

1. Salvation of the Sri Lanka souls
2. Faithfulness and spiritual growth of the believers
3. Payment and renewal of our house rental for two Years (120,000 pesos)
4. Approval of our Lanka-Philippines Foundation
5. Filling materials for our property and future building project
6. Residence visa
7. Over head projector
8. Church vehicle (second hand van)
9. Good health & protection for all of us
10. Kids schooling and their needs

Thank once again for trusting our calling and ministry. May the Lord showers you with all material and spiritual blessings in Christ.

Together in His vineyard,  
Bro. Joel Mausisa  
Sri Lanka

- C.T. Studd

“My only joys therefore are that when God has given me a work to do, I have not refused it.”
