

Rays' Report

October — November 2018

The Reseeding the United Kingdom Campaign

My Dear Friends:

Since our return from England and Wales, we have traveled thousands of miles in meetings with churches representing World Evangelism across the country. We have seen exciting services with people coming to Christ. The excitement for reaching the world has been evident in churches where we have been. God is still on the throne!

We are grateful for friends who have sacrificially given to the **Reseeding the United Kingdom Campaign**. More help is needed (\$2 per New Testament also provides shipping). Already thousands of beautiful, locally personalized New Testaments have been distributed. Thousands more are needed.

Thank you for faithfully standing with us and for praying for our ministry. With friends such as you, great things can be done for the Kingdom of Christ. We could not do this ministry without you.

We have some Sundays free in November, December, and January if your church would like us to come by and present the 100 Nations and International Bible Ministries. We have a challenging DVD presentation for these ministries. Contact information is below. Again, thank you for your friendship and for praying for us. *We thank God for you.*

For the Harvest,

James and Mary Ray
