Prayer Letter for third quarter 2018

Dear Friends and Partners in the Gospel Ministry,

I have just returned from Papua New Guinea (PNG) and our most recent mission trip to this rugged and wonderful country. While there we preached the Gospel in the assembly of each and every school that we visited, and we gave a Bible to each student and teacher in that school.

This was my third trip to assist in this great open door opportunity that BIMi has been given by the Education Department of PNG to distribute Bibles in this emerging country. This is a huge task, but only God knows the impact that the Word of God will have on this country's future and their impact for Christ in the entire South Pacific region. It is my pleasure to assist Brother Alan Brooks, the Assistant Director of the South Pacific region, as he leads this mission outreach to every city, town, village, mountainside, and bush area of this vast island country. Thank you to all who have giving to this project. Your generous giving has made this project possible. Please remember that every \$3 you give will help us give a Bible to another student. Maybe you would like to go with us when we return next year. We could use your help.

Let me give credit where credit is due. The independent Baptist missionaries who came to PNG in the latter part of the 19th century, when things were more primitive than today, did a wonderful and a lasting work for Christ, winning the lost, establishing churches, and disciplining men and women; and then teaching them to do the same. We see their "footprints" everywhere we go in PNG. We could never do this enormous work without all these national pastors, churches, and Christian laymen. We stamp all these Bibles with the contact information of a local Independent Baptist church in that school's area. The fact is that almost every time we go to a school, there is a local church we can recommend in or near that area. When there is not, they already have plans to start one. Thank God for these dear people and their burden to carry on what the missionaries began, and to reach their own country for Christ.

We have completed most of the high schools, secondary schools and colleges. We have launched in several main cities our efforts to give Bibles in the primary schools. There is a total of 3,720 primary schools, and there is still much to be done. We presently have about half the funds needed for this monumental task before us. Please keep us in your prayers. Thank you to every one of you who continues to support our ministry and make it possible for me to assist them. Rest assured we continue to strive to be worthy of your trust and your investment in us and in eternity.
