Prayer Letter – March 2019

March has been and continues to be a very busy and rewarding month! The first two weeks involved preaching in two Mission Conferences. I am always blessed to be around young and dedicated couples heading to a foreign field!

I also have opportunity in each conference to share our ministry of church planting and to convey to the Lord's people both the command and need of church planting!

When you receive this letter I will no doubt be in California. Many years ago God connected me to a wonderful pastor and dear friend, Dr. Larry Obero. Through our friendship and his influence I have been honored to preach in several churches that comprise mostly Filipino believers. My ministry with Bro. Obero and his people, and subsequently their "daughter" churches, goes back well over 25 years. Each visit is a pure delight!

One of the newest of these churches is the Grace and Truth Bible Baptist Church located in Murrieta, California. The pastor is Bro. Greg Hocson, and he is doing a fantastic job of planting and pastoring this new local church.

In Him,
Charles T. Shoemaker
President
