Acree Update: A Chronicle of the Acree family to Ghana

Dear Praying Friends,

The Ministry: October and November were a busy months of traveling to meetings to report on the ministry. During that time, we have had meetings in Florida, Georgia, Virginia, South Carolina, and Pennsylvania.

We had quite an adventure during our trip to Pennsylvania. We left the meeting at about 9pm with the intent to travel four hours to a friend's house to spend the night. Before we were able to make it to a major interstate, we came around a corner and hit a deer. I had almost come to a complete stop when I hit him, but damage was still a bent hood, a dented fender, a destroyed grill, a hanging headlight, and a cracked radiator (which I did not know at the time). I tried calling the pastor of the church we had just left but I had no cell signal. Since the car seemed functional, and I did not see the radiator leaking, we traveled the four hours as planned without further incident.

The next morning, we had to travel to a missions conference in South Carolina, so off we go driving another eight hours. When we got to the church, and they found out what happened, a member of the church invited me to bring my van to his auto shop the next morning. He called a salvage yard in the area and they had the same make, similar model, and same *color* van delivered the day before with no damage to its front end. By church that evening, my van was in better condition than before hitting the deer. Praise the Lord for His protection (the accident could have been much worse), His provision (God controlled all the circumstances), and His servants for being willing to help.

The Family: After the summer months, we moved down to Georgia to be close to my family and our sending church and to use this area as a base for traveling to meetings and doctor's appointments.

Melissa is still undergoing much testing to try to diagnose her ailment. She still has good days and bad, and the extreme temperatures of summer and now winter do not help. She

treatment plan can be formulated.

Thank you for your continued prayers and support,
Seth Acree & family

Prayer Requests:

- Wisdom regarding Melissa's health, a proper diagnosis, and a viable treatment plan.
- Safety in travels as we report to supporting churches.

Praises:

- God's protection and provision during our accident.
- Finding a medication that seems to help Melissa some.
