**Well Glory to God and the Lamb!** This was one of our pastor's favorite expressions; Pastor Sonny Holland that is. Though he was greatly used in our lives when we were teenagers he has been sick now for some time with dementia. Please pray for him.

We express the sentiments of this phrase as we think about how **God has marvelously blessed in the past few weeks.** We thank and praise HIM, but we also thank those of you who stand faithfully with us in the ministry among Hispanics by your prayers and financial support. We are in the harvest field by HIS calling and HIS provision of our needs through you.

We continue to serve temporarily the folk of the Hispanic ministry of Gospel Light Baptist Church through this transition period. The church voted and elected three men and then with the help of Pastors Shumate, Morrison, Morales and the Chairman of Deacons at GLBC they were ordained as deacons. This was a historical moment in the lives of these folk. We are now more than ever praying and asking the LORD to raise up the man and his family that HE wants to pastor the Luz del Evangelio congregation. **Please continue to pray with us.**

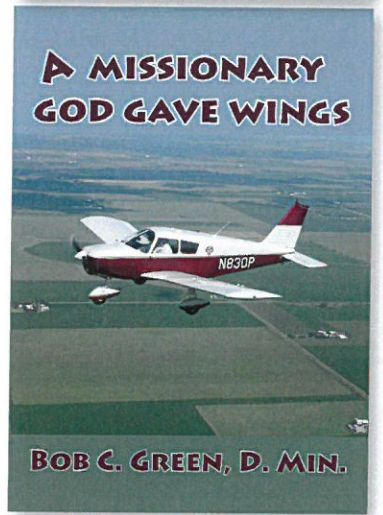

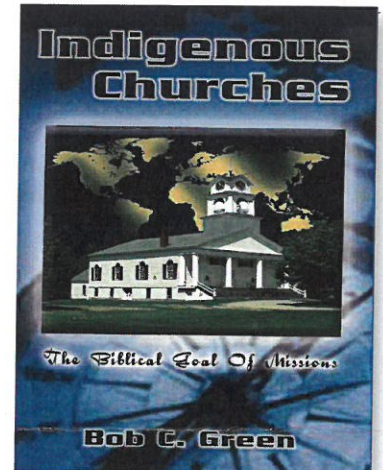

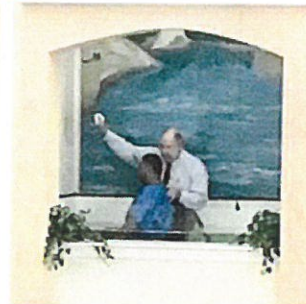

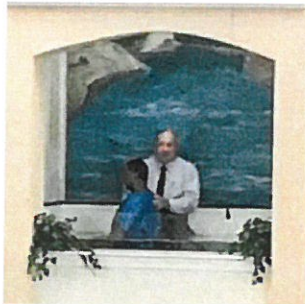

We have had **several come to the Lord for salvation and several have been baptized** in the past few weeks. Just a week ago on Wednesday night I had the privilege of baptizing a Hispanic lady and her 12-year-old son. **The LORD be praised! Another lady was led to the Lord after the service on Sunday night.**

We have also had the opportunity to preach in a few of our supporting churches in meetings schedule last year and have enjoyed the great fellowship with them. Pastor James God, Beverly and his church are a special blessing every time we are able to be with them. Pastor God, as a young man, served in Vietnam and had some unusual experiences of God's protection and grace. He was a crew chief on an F-100 fighter jet. On one occasion he talked with the pilot (a Major) about the danger of being on the flight line during a mortar attack by the VC. "Can we seek shelter in a bunker?" he asked. **The Major's response was convicting and inspiring.** He told Brother God, "We have to be on the flight line and I need for you to keep the plane ready for any mission, danger or no." Pointing to the jungle he said, "If we get the call to fly a mission it is because **someone out there needs me.**"

What a tremendous statement. Folk, **there are millions of people out in the world that still need us and the Gospel we preach. Let us be ready!**  
Let us go!
