DECEMBER 2024

**LINE Ministry** I continue to preach by LINE at least once a month at the Kameoka Bible Baptist Church. This month I will preach twice. Please pray for Pastor Nishimuta and his wife. Both of them have serious health issues.

**Busy Churches** December is the busiest time of the year for churches in Japan. Many Japanese who would not even consider going to church the rest of the year are drawn to the Christmas services. The churches in Kokura, Kitakyushu and Amagi will distribute thousands of flyers advertising various Christmas services. Please pray that the visitors who attend these services will be interested enough to come back to the church and eventually receive Christ as Savior.

**Surgery** I have worn glasses since I was a young child. On December 5th I had cataract surgery. Now I can see well without glasses. I still use glasses when I am reading, but I do not need them at other times. I will have surgery on the other eye December 17th.

**Pray for My Son** My son, Tim, lives in the city of Kirishima in southern Japan with his wife and two children. The church where he attends ordained him as a “cooperating missionary” of the church. He preaches at least once a month and recently preached his first funeral. Please pray for ministry at the Kokubu Baptist Church.

Thank you for the support of \$100 in October and \$100 in November.

**JAPAN: 8 MILLION GODS, 125 MILLION LOST SOULS**
