Trip to Japan Delayed Because I no longer have a residence card, I have to enter Japan as a tourist. When Japan opened the country to tourists on June 1st, they opened it only to tourists who are with a guided tour. Since the purpose of my trip is to visit the churches and spend some time with my son and his family, I decided to postpone the trip for now.

Zoom Ministry I will preach at the Takatsuki Bible Baptist Church by way of Zoom on July 10th. It will be Saturday night, USA time, when I actually preach. Please remember this ministry in your prayers.

Church Reports One person was saved recently at the Kokura church. Several people have visited the Kitakyushu church lately. Pray for the salvation of Mr. Shiokawa, Mr. Kamata, and Miss Deguchi. Especially pray for Miss Deguchi. She raised her hand for prayer in one of the services and seems very interested in the Christian faith.

COVID Last month I attended the BBF Missionary Reunion and came home with Covid. I was quarantined for five days. After the quarantine, I still was not feeling well, so I went to the ER and ended up in the hospital for one night because of shortness of breath and dehydration. Then I had to quarantine for five more days. I am feeling much better now.

Thank you for the support of \$100 in May and \$100 in June.
