

THE BOHMAN FAMILY

AFRICA FIELD DIRECTOR

July 2022

Dear Praying Friends,

How exciting to have a part in preparing the next generation of missionaries who are taking the Gospel around the world!

Each summer, Lori and I teach at our Candidate School where new missionaries come to be approved and trained for missionary work through BIMI. This year, we were blessed with 45 missionary candidates! The picture at right shows our "Africa group." These families are going to Botswana, Kenya, Malawi, Uganda, and Ethiopia. (The couple with faces blurred are going to an undisclosed country in the Sahara region.)

Just a couple weeks after our Candidate School, we had our annual Camp BIMI where we are privileged to invest in the lives of mostly young adults who are interested in learning about missions and finding their place in God's harvest field. This year, 53 students were in attendance! All ten of our field directors from around the world take part in this week where we share needs from each region and veteran missionaries give current field reports, besides having a lot of fun! It is not all classroom instruction as we also teach practical ministry skills. This year we gave a course on basic plumbing with hands-on activities.

We are looking forward to helping many of these students on the mission field in the years to come!

Until all nations hear,

Eric Bohman
