INDONESIA

Praises!

Healthy birth of our baby girl, Erielle Jordyn

Prayer Requests

Our move back to Indonesia this fall

Erielle's passport and paperwork to be processed quickly

Safety and open doors

Wisdom and guidance in ministry

Dear supporting churches and praying friends,

The Best Surprise!

At 11:11pm on Saturday August 17, the Lord blessed us with the most wonderful surprise - a beautiful and healthy baby GIRL! Up until delivery, we believed we were going to have another boy based on two different ultrasounds! Needless to say, it was the a complete shock to our family, including Kael who had been told he was going to get a baby brother!

We want to thank all of you who have prayed for Kezia's health. Doctors closely monitored the cholestasis. During her 37th week of pregnancy, they decided to induce her because they detected her bile levels rising to a dangerous level, similar to what happened during her pregnancy with Kael. We praise the Lord that the delivery went well and both mom and baby are healthy!

Please pray that the passport application and paperwork needed for Erielle to travel will be processed smoothly and quickly in the next couple of months. We would also ask you to pray especially as we make the long trip back to Indonesia this fall and adjust back to life and ministry on the field with a newborn.

More Ministry Opportunities

During the month of July, Thomas had the opportunity to organize and lead his first Acoustic Worship Night outreach. He also continued to teach Wednesday night Bible study up until leaving to head back to Canada in late July. Despite being away from our Indonesian ministry, we are thankful to still be able to help our team with planning different aspects of the ministry while being involved in our home church here in Canada.

Continue to keep us in your prayers as restrictions concerning what we can do in the country have become tighter. We want to reach out to as many as we can while also exercising wisdom.

In His Service,
Thomas, Kezia, Kael and Erielle Bui
