June – August 2022

Greetings to all of our family, friends and prayer partners,

## **PRAISE!! to GOD.**

*“Praise God from whom all blessings flow,  
Praise Him all creatures here below,  
Praise Him above ye heavenly hosts,  
Praise Father, Son and Holy Ghost. AMEN!”*

God deserves praise. We will do it for all eternity, so we should start now.

For health reasons, Don and Bridgitt live in the States now. Don was recently diagnosed with MSA-C (multiple systems atrophy-Cerebella). This is a brain disorder that affects his motor skills. It has developed quickly and hinders him from most activity. Although he is still mobile with the help of a walker, he is quite limited and stays home except for church and doctors.

Many of you were aware there was some problems, and hence helped tremendously in building a wonderful home for us to live out our last days. We moved in on Memorial Day weekend, 2021, and are loving our handicap assessable bungalow. It is located near our home church in Baldwin, Florida, and the folks have been so gracious in seeing to our every need.

Although we had to leave Haiti physically, our hearts are still there as well as our son and daughter-in-love, Benji and Kerri. We will continue to support them with any tax-deductible gifts we receive through BIMI as emeritus missionaries, and appreciate your help for our continued ministry in Haiti.

If desired, we would encourage you to support this vital ministry to Haitian people through them. You can access Benji’s praise to God and feel their heartbeat for Haiti by reading the online article he wrote in the first volume of BIMI World magazine, 2022. You can also contact Benji and Kerri through WhatsApp#509 37 51 7464. And, there is a copy of his most recent prayer letter on the back.

THANKS!!! to you... for your part in our lives and ministry of almost 45 years in Haiti.

Still servants for Christ,

Don and Bridgitt Dryden
