

December 2020

Dear Praying Friends,

As December snow is falling here in Baltimore, our family is reflecting on this past year. It has been a year of disappointments and failures, but also a year of new opportunities and growth.

We started out our year in typical fashion, with trips to both Peru and the Philippine Islands. With thousands of patients treated, and hundreds of souls saved, Medical Missions Outreach was off to a great start...and then Covid arrived. Our entire calendar was wiped clean and we wondered what the Lord had in store.

We used the Spring and Summer to rewrite policies, prepare for 2021, develop new protocols, and evaluate how we could do better as a ministry and as individuals. We noticed that our support began to drop as supporters faced financial hardships. After much prayer and consideration, the Edmondson family decided to hit the road.

For 80 days, we traveled by RV out West. We used this time to draw closer as a family as we homeschooled our four children. We visited national parks, museums, beaches, and cities, and caught up with dozens of MMO travelers whom we now consider our friends! We also had the opportunity to present our ministry in twelve different churches. What an amazing journey! It was the longest amount of time we have spent together in the past ten years!!

Our paperwork has been submitted and we are awaiting final permissions to take our team of 26 volunteers to El Salvador on January 1. Please pray for our health and safety, and for many to come to know the Lord. We can't wait to get back to doing what we were called to do.

Thank you once again for your faithful support. We could not do this ministry without your prayers and gifts. May you have a merry Christmas and a happy New Year!

Serving Alongside,

A handwritten signature in black ink that reads "Bradley Edmondson".

Bradley Edmondson, Executive Director  
Medical Missions Outreach
