## CHURCH-PLANTING MISSIONARIES TO INDONESIA

November 2019

Dear Fellow Laborers,

The year has disappeared quickly since our last Thanksgiving. **We are so grateful to God as we have seen him provide for each of our needs.** Thank you also to our supporters and family as they have done so much in partnering with us as we prepare to move back to Indonesia. You are in ministry with us through each love offering, meal prepared, prayer prayed and time given to share our burden.

**We were blessed by two special offerings given this month.** The first offering was given to finish paying for our children's homeschool through the end of the current school year. The other gift was our first offering given to our set up fund to help with the initial cost of setting up our house and church-planting ministry once we arrive in Indonesia.

Almost **15 years ago on December 26, 2004**, a 9.3 magnitude earthquake hit Indonesia causing a catastrophic tsunami. **227,898 people were killed** across 14 countries. Indonesia was hit the worst with 167,540 deaths. The true tragedy is that so many of Indonesia are not saved and have not even once heard a clear presentation of the gospel. **The masses are still perishing without God.** We need to get back there to introduce them to Jesus Christ, God's Way of salvation!

In last month's letter, I made mention of two meetings. The World Evangelism Fellowship, held November 4-5, was a great blessing with 78 pastors in attendance and many other ministers from churches. It was a great time focusing on how we can continue to reach the world with the gospel. The other meeting to which I invite you is the OG Conference which is on January 2-4, 2020. More info can be found at [VisionMissions.com](http://VisionMissions.com) under "Events". Also, feel free to contact me with any questions.

Reaching Indonesia for Christ,

Josh, Elizabeth, Hannah, Joseph and Olivia

### PRAISE & PRAY WITH US:

- Many New Supporters this month
- Safety as we traveled through 16 States
- Health for the family
