07 January 2020

Dear Pastor and Praying Churches,  
Shalom!

Happy New Year! My beloved mission partners, fellow workers and benefactors. Thank you for our partnership. God has been so good in 2019. Wishing you all for a more blessed and prosperous 2020.

Despite the looming conflict in the Middle East, an unstable Korean peninsula, natural calamities, political uncertainties and etc., there are still every reason to be optimistic. I can always find the banner” Vision 2020” hanging everywhere and of course our Great God is in control. Having crossed another year is already a blessing to think and tell.

### 3 Days celebration

While it is natural that the stamina decline in the finishing line, We purpose to end our last lap in a 3 days of thanksgiving. The program was attended by members from our outreaches. It helps Christians to remain steadfast and hopeful for the coming year. Indeed the Lord is good to us. Our program was concluded by 1 believer’s baptism and 3 dedications of children.

### Youth Camp 2019

Despite some hesitation, we still proceed as planned. We still pursue the 4 days camp before the year is exhausted. We have 39 delegates in all. The youth camp yielded three believers baptism.

### New missions outreach

In addition to our existing 5 outreaches is the village of **Labobo**, a village of the sub district of Laclo where the beating happened in 2005. A high school student was won to the Lord by our member who happens to be his classmate. Caetano brought his younger brother Raimundu to the church. Raimundu eventually got saved and was baptized. I covet your prayers for this new convert.
