07 January 2022

Dear Pastor, Churches and praying Friends,

And the light shineth in darkness, and the darkness comprehended it not John 1:5. “darkness has not overcome it”. The light shines the brightest in darkness as we farther paraphrased it. The last year was riddled with darkness from pandemic to natural calamities and disasters. But even here in Timor-Leste, at 3 AM in December 30 we were awakened by a 7.4 magnitude earthquake. Despite all these we survived and crossed the finish line. Light always WIN! Goodbye 2021, Welcome 2022.

Light continue shining

2021 was for sure very interesting year. For many it caused so much headache and obscurity. It is the year where the restrictions (about COVID19) was intensified. There are a lot of things I thank God for despite the pandemic.

1. The island country has less than 2 million people and need not the stricter protocol as it is less congested.
2. The access can be easily controlled as there is only one highway that connects to our district. We became covid-19 free 3 months ago.
3. We never missed to have worship in person ever since the start of restrictions.
4. We have more baptisms during the pandemic than the rest of those years and etc.

Prayer Request: Please pray for our youth Camp this week that would commence on January 13-16

The following pictures below were part of our 3 day December Annual Thanksgiving celebration that ended in 4 baptisms.

Thank you so much Pastors and Churches for your faithfulness. May the Lord of the harvest brings us to manifold blessings in the years ahead.

His servant and yours,
Ferdie Flores
