I am the light of the world: he that followeth me shall not walk in darkness,
but shall have the light of life.- John 8:12

April 2024

Dear Friends,

So many times as we serve our Lord, Satan tries to get us to think on all of the things we do not have. He also tries to get us to focus on "the grass being greener" somewhere else. Recently God has reminded me that when our thoughts turn to what Satan wants us to think about, we take our mind off of what God wants us to see. Many times right before our very eyes, we are missing the blessings that God is doing.

I want to share some blessings with you. In our last letter, we asked you to pray for Kallista and Kit. Not long after we started Bible study with them, Kallista trusted Christ as her Savior. Please continue to pray for Kit's salvation. Thank you for praying for these folks.

God blessed us with a wonderful Easter Sunday. We had many first-time visitors and quite a few who have been to church before but have never been saved return for our Easter service. We thank God for His blessing on our Easter service.

I was praying that God would give me the opportunity during our Easter Sunday service to take someone, one on one, through the gospel. But I did not have that opportunity. Little did I know that God had other plans. That night when we were getting ready for bed, our daughter Gracyn (6) said to me, "I have been trying to be nice to Cooper (4, our youngest), so I can go to heaven." I responded to her with, "Being nice to Cooper will not get you to heaven." I then shared the gospel with her, we knelt by the bed, and she prayed and asked God to save her. We want to thank God for Gracyn and for her faith in Jesus. April and I have prayed for the salvation of our children. Thank you for praying for our family. We thank God for what He is doing. We are amazed at what He continues to do in our home and in the hearts and lives of the Taiwanese people.

I recently came across the lyrics "...eternity is not long enough, to thank God for all He has done..." Let's begin now thanking Him for all He has done.

God is working; we need not get distracted. I believe God has literally shaken this world in the last couple weeks to get our attention. Taiwan and the American Northeast both have had earthquakes. May we be found faithful until His return.

For Him,

Jon & April
