

# David & Jenny Harris

Serving Missionaries in Asia & the North Pacific

Encouraging Missionaries • Recruiting & Training Future Laborers • Promoting Asian Church Planting Needs

Summer months provide many opportunities to serve and to train missionaries. Candidate School in June saw a total of 50 missionaries at the Home Office: 29 were new missionaries receiving their first year of training; 21 were second year missionaries well on their way to raising their support. With close to 30 veteran missionaries providing training and a very capable office staff, our annual Candidate School the first week of June is an exciting way to start the summer!

The end of June saw the leadership of BIMI in charge of Camp BIMI (bi-me) for the first time. They did a wonderful job of planning and the BIMI team of veteran missionaries were blessed with 30 dedicated attendees who enjoyed a wonderful week focusing on missions. Camp BIMI is an informative and instructional venue allowing young people to learn about missions from a host of experienced missionaries. Our prayer is that many will find their place in the harvest in the future!

One of the highlights of the week is the interaction we have with young people who are seeking the Lord's leading in their lives. Besides teaching, Jenny and I got to lead a missions choir. Individually, the young people did a marvelous job all week providing special music for our nightly meetings. The choir sang on the final night! They did such a good job! Why not make it a point to visit us for any of the evening services next year?! We would love for you to stop by!

By mid-July we were geared up for our annual Enrichment Week. During this week, furloughing missionaries are treated to a bit of R-and-R. Many people and churches give to make this an enjoyable and free week of encouragement for missionaries and their families. Jenny works with the children during the days and I get to help with the teens. We take them on fun activities while their parents are having a time of fellowship and spiritual refreshment. I was privileged to speak to the teens during the week and to challenge them in their walk with the Lord and for future ministry.

Our summer of meetings here at the Home Office concludes each year with our annual Director's Meeting in early August. This is a wonderful time to hear reports of God's work around the world as well as enjoy some

preaching by some of God's choicest servants, our fellow missionary directors and representatives! It really is a great privilege to serve with such dedicated men and their wives!

BIMI is an organization made up of men and women called by God to take the Gospel from their local churches to the world. Except for a few vital office personnel, all of the people with whom we serve have spent a lifetime on various mission fields! What an amazing place! You really should come by for a visit some time! If you are passing by, give us a call! We would love to share with you some amazing things that God is doing around the world!
