## From Your Heart To The World...Hope Is Born

Horizon of Hope Ministry. Romania, Ukraine, Haiti

Dr. Marvin E. Lane

---

### A Life Changing Decision

At the age of eleven, Dorina came to live at the Village of Hope with her younger sister, Anna Maria. When she was fifteen, she received Christ as her savior. I had the privilege to baptize her in a river near the Village of Hope. That was twenty-five years ago.

Our hearts were broken when we recently received word that, at the age of 36, she died of a heart attack. She left behind a husband and four

precious children. When a tragedy like this happens, we are thankful that God called us to Romania. Our challenges throughout thirty years of ministry in Romania is now overshadowed with the joy of Dorina being with her Savior! This is our reward.

### Time Does Not Stand Still

We just celebrated Timea's twenty-third birthday. We brought her to the Village of Hope when she was just three months old. She was abandoned at the maternity hospital. It seemed like just yesterday. Time does not stand still.

We were able to get her a visa to come and work in the States. She was able to spend a few days with us before returning to Iowa. Her life has changed forever.

**Urgent Need:** We have five houses that have wood burning boiler systems. One load of wood cost 200 dollars. We need twenty loads to make it through the cold winters. Please pray for this need. One of our boilers need replacement. The cost is 1700 dollars.
