## THE LARSONS

ASSISTING CHURCHES IN AMERICA TO PLANT CHURCHES IN AMERICA

March / April 2021

Dear Praying Supporters,

Greetings from the great state of Missouri! We have been holding mission meetings here and challenging churches for church planting. Tomorrow morning, we travel south of St. Louis to Perryville, Missouri, to spend time with church planter Jim Kiefer, his family, and their church family at Heartland Baptist Church. Brother Kiefer's daughter, Rachel, is a missionary with our mission agency and is assisting church planters in Honduras. We are looking forward to our time with these folks.

### Despite a Pandemic Ministry Moves Forward

As COVID-19 began to spread across America in early 2020 we had no idea how it would affect church planting, church restoration, and evangelism. Although our plans were changed and rearranged numerous times during the past year, we managed to see two new churches planted in our ministry and one church restarted in the middle of the pandemic. Several of our church restart and restoration projects from last year have been moved to this year. We are thankful restrictions are being lifted in some states and we are now planning to assist churches in Tennessee and Arizona. Please pray that God will supply pastors for the 23 churches we now have

on our list to restart and restore. The list grows longer each week.

### Please Continue to Pray for the Metro Mission Fields in America

We want to thank you for praying with us concerning church planters going to the metropolitan cities in America. God is indeed calling church planting families to the metro mission fields here in our homeland. We currently have a family on deputation to plant another church in New York City. Recently a church planter and his family contacted us, and they are now in the process of making application with our ministry to plant a church in Portland, Oregon. It is encouraging to see BIMI Reseeding America Church planters now pastoring churches and reaching the lost in Phoenix, New York City, Atlanta, San Jose, Las Vegas, Annapolis, and Nashville. It is also exciting to hear from young men who are responding to our social media posts concerning the need for churches in our large cities. Several are praying about going to places like Chicago, Baltimore, and Kansas City. Pray with us that God would send more church planting families with an urban burden to join our ministry. We not only want to see churches started in our major cities but anywhere in America where there is a genuine need for a New Testament Baptist Church.

We would encourage church planters and church planting churches to contact us for assistance, encouragement, and help in this exciting ministry of "Reseeding" America. Thank you for your faithful prayers and support for this ministry. We count it a privilege to partner with you in reaching our homeland with the Gospel of the Lord Jesus Christ through church planting and restarting churches in decline.

For Him,

Bob and Jennifer Larson
