

July & August 2022

The 2022 Amazon Connect trips are in the books!

May - Guyana Med-Evangelism team help church plant!

There were eleven team members providing six clinics, which treated 929 patients and helped five churches. A highlight was to team up with missionaries, the Woodards, and a team from Trinidad, in an evangelistic crusade to plant their first church on the west bank of the Demerara river. The Woodards report that New Life Baptist Church continues to grow, averaging 40-60 on Sundays and 30 in the Thursday night "Growth Class".

June - Colombia Med-Evangelism team in Puerto Nariño!

Team Colombia was made up of 22 volunteers from the US, Canada, Colombia, Brazil and Paraguay. Beginning in Medellin, we traveled to Puerto Nariño in the Colombian Amazon, conducting med-evangelism clinics in several river villages in conjunction with national pastors. There were 23 precious souls who professed faith in Christ.

July - Brazil Med-Evangelism team was the largest!

We traveled with 25 team members from the US and 4 from Brazil. A complete team of medical professionals teamed up with national pastors and missionaries resulting in great impact in a region virtually untouched by the gospel. The first time we had two deaf interpreters on the team, God's providence allowed us to make contact with seven deaf adults in a remote river village. While waiting to be treated, the gospel was presented in a way they could understand and two of them accepted Christ as Savior.

August - Peru Med-Evangelism team in Caballococha!

The final connect trip took us to the jungles of Peru, where we teamed up with several of our Peruvian pastors. There were two villages we visited, where our med evangelism helped the national pastor, Sean, when he was planting his first church in 2018. The other village is where we held a clinic in 2019, where now stands a Baptist church, the first and only church of any kind in that village. **To God be the glory great things He has done!**

Serving with
BIMI

in Brazil for 30 years as
church planters

Team Amazon - Brazil
25 from USA & 4-Brazil

Nearly 1000 students heard the
gospel in Tabatinga!

The medical team treated
232 families!

The evangelistic team lead in
41 professions of faith!

Susana, our favorite (only) daughter with three ladies recently baptized.

VBS at both Sao Paulo Churches, in Jardim Ingá and Vila Guacuri

Pr Seth & Susana with Pr Rodolfo, Natalia & Adriana

Team Amazon Peru in front of the church started in 2019 as result of a worm!!

➡ Baptisms in Brazil at New Life Baptist Church!

Seth and Su continue to lead the New Life Baptist Church, together with the other pastoral staff in Jardim Ingá. Recently they baptized seven believers. We are proud of how that Susana, our daughter in-law, has continued to disciple the ladies and visit the bus route. All in spite of her own personal trials, after having a miscarriage and getting by without a vehicle.

➡ Let's rise up and build, phase-2 of building project!

The architect has the plans approved and a green light from city officials to continue construction on New Life Baptist Church. Phase-2 will allow for the auditorium expansion and a structure for the third story of the main building. Pray with us for the completion of this phase and the remainder of funding.

➡ Vacation Bible School Month in São Paulo!

The month of July is when schools in Brazil take their winter break. The churches did a great job, without our help or participation, to organize and execute their own VBS. The Ingá church registered 230 children and the Guacuri church signed up over 110 children during the week. A special blessing was to have three teachers from the interior. Pastor Rodolfo, his wife, Natalia and her mom, Adriana traveled from Ribeirão to teach. Adriana's entire family was reached in our Ribeirão church over 20 years ago. Pastor Rodolfo and Natalia our now missionaries with Rock of Ages School Ministry.

➡ Amazon For Christ in Peru!

The 4th Amazon Connect Team of 2022 descended upon the region near the village of Santoro, Peru. When we first held a clinic Santoro in 2019, there was not a church of any kind in the village. It was on that trip one of our doctors removed a large worm from the swollen leg of an Indian boy. The result of that worm being removed was the salvation of that boy's family and other villagers. Pastor Sean (Peruvian) continued discipling those believers and today stands Divine Grace Ind. Baptist Church, where we held services.

Amazon Connect Med-Evangelism in Peru!

Continuing the Mission of the Great Physician!

Here are some stats from the trip:

25 team members (19-USA, 3-Brazil, 3-Peru)

175 families treated (in size from 2 to 10 family members)

16 public professions of faith in Christ

342 public school children heard the gospel in rallies

5 churches where we ministered and preached

CHRIST was magnified, for He alone is Worthy!
