## Forged for Excellence

### CHANGES, CHANGES and MORE

**CHANGES:** This is what we feel in our ministry and personal lives...but they are all good ones.

*The significant changes in our lives are those moments when God is trying to do something deep within us.* God is taking us to the next level and preparing us for His glorious future. **He is forging us for His excellence.** This is the theme for our ministry in 2025, so let His “forging” begin....

### THE NEW PHASE BEGINS...

**WE** feel incredibly blessed with a special group of leaders that have rallied around us and are aiding in the administration of this church. *Many of them are the second generation!* **At our leadership retreat**, God really challenged each one of us to serve Him with excellence and administrate His church with our best efforts. Continue to pray for the leaders of our CORE team! They are TRULY the best!!

**IN** January, we held our **third Vision Sunday** where we challenged the church to follow us into the new year. We did something new this year which was hold a “**Ministry Fair**” where the leaders of our ministries set up tables and recruited volunteers. It was a tremendous success! One of our highest recruitment initiatives in our church history.

**WE** also introduced a few **new ministries** such as the **Small Groups**, the **New Life agency** (an audio, graphic, and video department) and the “**Seek and Find**” ministry (a rebranding of our bus ministry). Exciting times!

### BABY MICAH IS ALMOST HERE!!

**WE** cannot believe it, but when this letter reaches you, **Susana will be finishing off her 39<sup>th</sup> week.** It is amazing to see how smoothly the pregnancy has gone. Not to say we did not have our challenges, but Susana’s health has remained intact as well as Micah’s. We can tell you one thing: Micah is a baby that can kick!

**IN** February, we had a special opportunity to get away for a week to get some much-needed R&R. Now all we can do is wait for his arrival. We ask for prayer because his birth is happening right in the middle of our ministry transitions. God has perfect timing, but we just want to make sure we are resting in His timing.

## **BUILDING, RENOVATIONS AND TONS OF PAPERWORK!**

**New Life building expansion:** we are grateful to see that **the final paperwork has been approved for us to begin laying the foundation in the back lot of our church.** This is essential not only for the building expansion, but also to solve the flooding problem we had back in November '24. So, *what's next???* We need to raise funds to lay that foundation. **Our goal is 60,000 dollars.** This includes materials and manual labor. *The Brazilian people have been actively working to raise these funds with clothing bazaars, food sales etc. If you wish to aid us in this fundraising campaign, please access the link attached below.*

**New warehouse:** five months ago, a warehouse next to our building was put up for sale. This is HUGE! *Why?* Long story short: **we have been praying for years for the Lord to give us this building for us to hold our services and events.** The owner never agreed to sale until now. **His asking price: \$250 thousand.**

- In the meantime, **we are negotiating a rental of the building until we can raise the amount.** While it seems a huge feat, nothing is impossible to God. Join us in prayer for this huge opportunity. *For more information on how you can help, please contact us by email or on our social media platforms.*

**Apartment renovation:** speaking of construction projects. **THANK YOU** for your prayers. **Our apartment renovation is near completion.** Within a couple of weeks, we hope to have the walls plastered, rooms painted, new flooring set, and counter spaces installed. We were hoping to have it finished before Micah arrives, but all in God's timing. What matters is that it's almost finished.
