

Church Planting in Latin America's Largest Country

June & July 2019

TRIPLE BLESSINGS!

Three of the churches we've started held their VBS all in the same week. Hundreds heard the gospel, dozens were saved and many workers were able to use their talents to serve Christ.

Second Independent Baptist Church

Growth By Multiplication!

Church planting may not be the only way to fulfill the Great Commission, but it is certainly the best way! In all three of these churches are believers whom we had lead to Christ, disciples, trained and who are now doing the work which we begun. Church planting is the means by which we can multiply ourselves!

New Life Baptist Church in Jardim Ingá

Reproducing Disciples

The workers from the three churches involved in this week would total over 70 workers. It's been said; "We can reach a community by addition, but we can reach the world through multiplication!" What an amazing opportunity we have to change the world through soul-winning, discipleship and the planting of churches.

AMAZON CONNECT 2019

The Amazon jungle is one of the least evangelized places on the face of the earth. Due to the difficulty in accessing much of this area, there are literally thousands of villages with no gospel witness of any kind. **Amazon Connect** was started several years ago as a ministry to connect God's people with the Great Commission, specifically the Amazon. By working with our national pastors and missionaries on the ground in that region, we are able to more effectively plant churches in villages where there are no churches of any kind. The use of **medical clinics** working in conjunction with our **evangelism teams** has been the key to open the doors to places otherwise left closed to the gospel. This year we are leading two teams, totaling 73 workers to help evangelize and plant churches in the Amazon fishing villages of Brazil, Colombia and Peru!

Pray For More Laborers!

God is still calling laborers and, thankfully, there are those who still answer, "Here am I send me"! Recently, we received our newest BIMI missionaries to Brazil, the Pinto Family.

Did you know that?

Brazil is the world's fifth largest country with 212 million inhabitants, which 25% are under the age of 15 years.
