

# N.B.M. Snapshots

October 2020

## OVERVIEW

In this month's newsletter, we will be taking some time to get to know NBM's Staff Evangelist, Luis Montalvo. Luis has been connected to Nicaragua Baptist Missions since August of 2016, where he was involved in one of our medical trips in the northern portion of Nicaragua. He came to preach and share the Gospel with those coming to take part in the medical clinics. He has a particular passion for young people and children but is excited with any opportunity to share the Gospel with those around him. After being involved in several trips like this one, NBM approached Luis about serving directly with and for NBM. He was given the role of Staff Evangelist and now works full time for our ministry!

Joy, energy, and passion for God's Work are all evident in his life; we are so thankful for his testimony of faithfulness to Christ and sharing His message of hope!

Luis & his wife, Angie.

Luis has been very active the last few years; since his first trip with us 4 years ago, his direct involvement in all facets of NBM has greatly increased. These include the preparation of men & women for ministry, getting churches planted in areas of need, being involved with Gospel campaigns in Latin America, speaking at various conferences, and helping with teen and youth camps. He is also intricately involved with a special IBIN extension project that brings our training and educational resources to remote communities and even more countries!

## MINISTRY SPOTLIGHT

Luis is from the island of Puerto Rico (*see picture above*), located in the Caribbean. When he was 14 years old he accepted Christ as his personal Savior, which was the result of missions work in Puerto Rico. From that time on, he began to feel called to ministry. Within a few years he left his prior college aspirations to begin preparation for serving in ministry. Luis completed his studies and has been busy serving churches & ministries as an *evangelist* for over 6 years now!

Luis recently got married! His wife, Angie, is from Columbia and her salvation testimony is the fruit of missions work as well! They continue to have opportunities to be involved in various places, including Nicaragua, Puerto Rico, Columbia, the U.S., and other Eastern Caribbean island countries. Both are in their late-20s and are excited to see what God holds for their future together.

## WRAP UP

Luis is a much-needed addition to the NBM team. His vision has expanded the scope of NBM's reach and because of him our work in Puerto Rico has begun to grow. We are so thankful for Luis and look forward to you meeting him in person soon!
