Prayer Letter – September 2022

August ended with a trip to California to be with Pastor Matt Miles and Hillcrest Baptist Church. Hillcrest was started a few years ago by church planter Paul Choi. Bro. Miles is the second pastor; he has only been at Hillcrest less than three months. On Sunday the church meets in a very nice public school building; during the week, at the pastor's home. We had a great crowd on Sunday morning and a banquet/service Sunday evening. I was the final speaker for their World Impact Month.

On the following Tuesday I was blessed to speak two times to some 20 preachers in a nearby hotel conference room. Hillcrest is an exciting young congregation with a bright future under Pastor Miles and Asst. Pastor Nathan Kang.

National Church Planting Month

October kicks off our annual National Church Planting Month financial campaign. This year we hope to raise at least \$25,000 to help several new churches with various and pressing needs. One church in Idaho needs us to help them with a payment for land they just purchased. We also have two churches which are scheduled to begin in early 2023!

Please help us with your best gift, either online at churchplantingamerica.org or by check to CPA at Church Planting America P.O. Box 37887, Jacksonville, FL 32236

In Him,

Charles T. Shoemaker
