

REPORT FOR APRIL AND MAY 2020

Dear Praying Friends,

Greetings from the World Missions Center of BIMI. I trust this letter finds you doing well during these unusual days in which we are living.

To say that COVID-19 has changed our schedule is perhaps the understatement of the year. When I looked at my calendar to prepare this letter, I was reminded of all the events that had been cancelled or rescheduled during the past two months. I am glad that God has not had to cancel or reschedule any of His plans. In short, the Coronavirus has produced a tremendous amount of additional work for me. Although we have been unable to travel to meetings, we have been busier than usual here at the Home Office.

Please pray with us as we make decisions concerning several activities planned for this summer. Since we do not know what the future holds, we are trusting the Lord to give us wisdom about whether we should reschedule or when to reschedule or if we should cancel. There are a multitude of considerations when planning activities that involve many people traveling many miles from many places.

We are grateful for God's goodness to our family. Kyle had to come home early from Bible college because of the Coronavirus, but he was able to finish his final semester online. We are thankful that Kyle is now a college graduate. Please pray for him as he determines the Lord's will concerning future ministry. Our family is also thankful for God's goodness as I was diagnosed with prostate cancer in April. Praise the Lord, it is not an aggressive cancer and, thus only requires monitoring and prayer at this time.

Thank you for your faithful prayer and financial support—especially during these difficult days. May the LORD richly bless you!

In Christ,
David + Barb
